Harry Potter and the Sorcerer's Stone

Harry Potter and the Philosopher's Stone is a fantasy novel written by British author J. K. Rowling. It is the first novel in the Harry Potter series and was Rowling's debut novel. It follows Harry Potter, a young wizard who discovers his magical heritage on his eleventh birthday when he receives a letter of acceptance to Hogwarts School of Witchcraft and Wizardry. Harry makes close friends and a few enemies during his first year at the school. With the help of his friends, Ron Weasley and Hermione Granger, he faces an attempted comeback by the dark wizard Lord Voldemort, who killed Harry's parents but failed to kill Harry when he was just 15 months old.

The book was first published in the United Kingdom on 26 June 1997 by Bloomsbury. It was published in the United States the following year by Scholastic Corporation under the title *Harry Potter and the Sorcerer's Stone*. It won most of the British book awards that were judged by children and other awards in the US. The book reached the top of the *New York Times* list of best-selling fiction in August 1999, and stayed near the top of that list for much of 1999 and 2000. It has been translated into at least 73 other languages and made into a feature-length film of the same name, as have all six of its sequels. The novel has sold in excess of 120 million copies, making it the fourth best-selling book of all time.
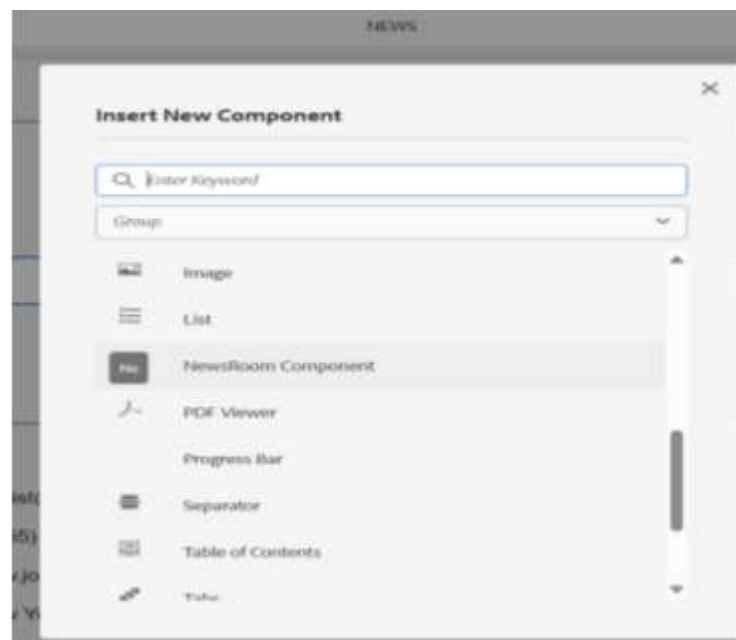

2. **Footer sections : about me , contact me , latest 5 news-list with hyperlink should be open in new tab , social media section.**
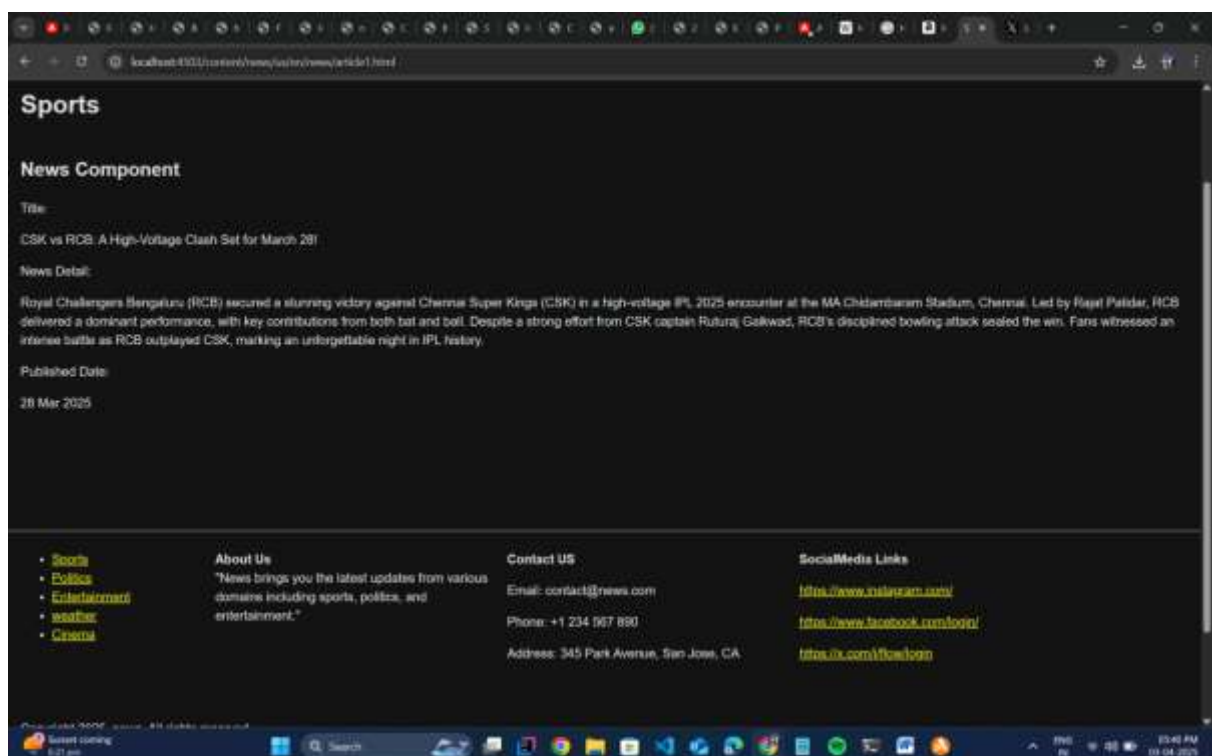

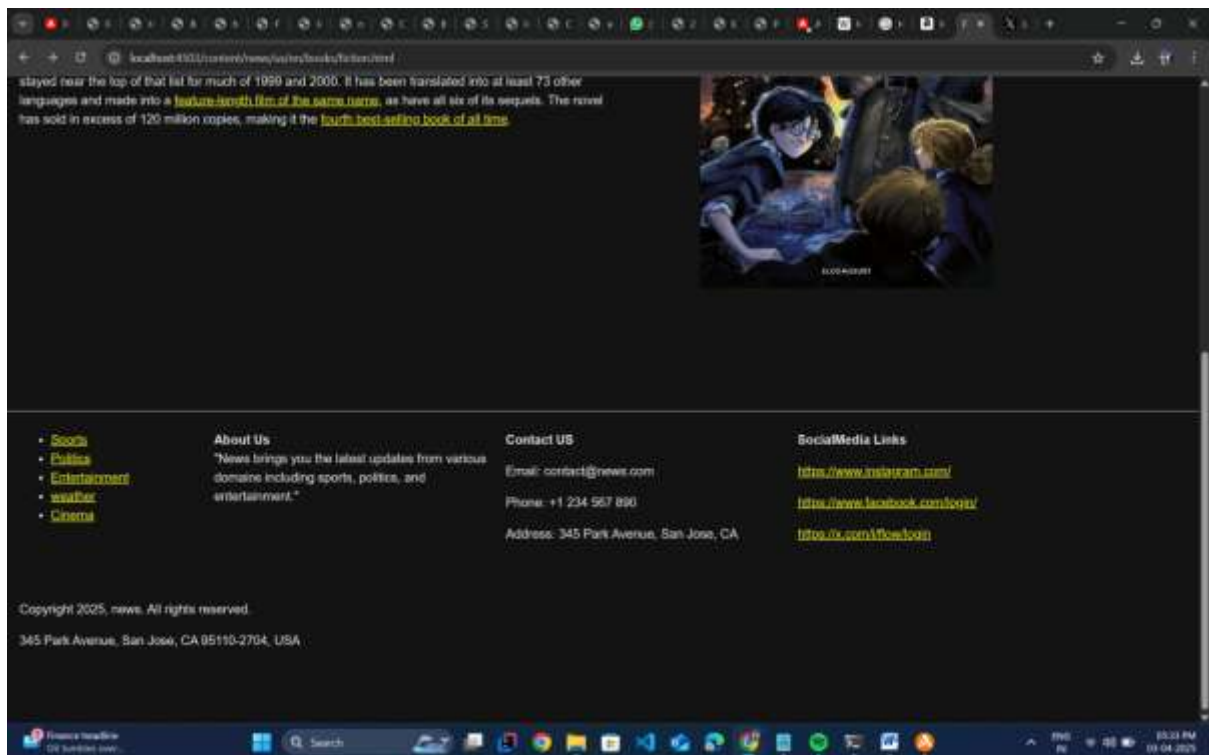

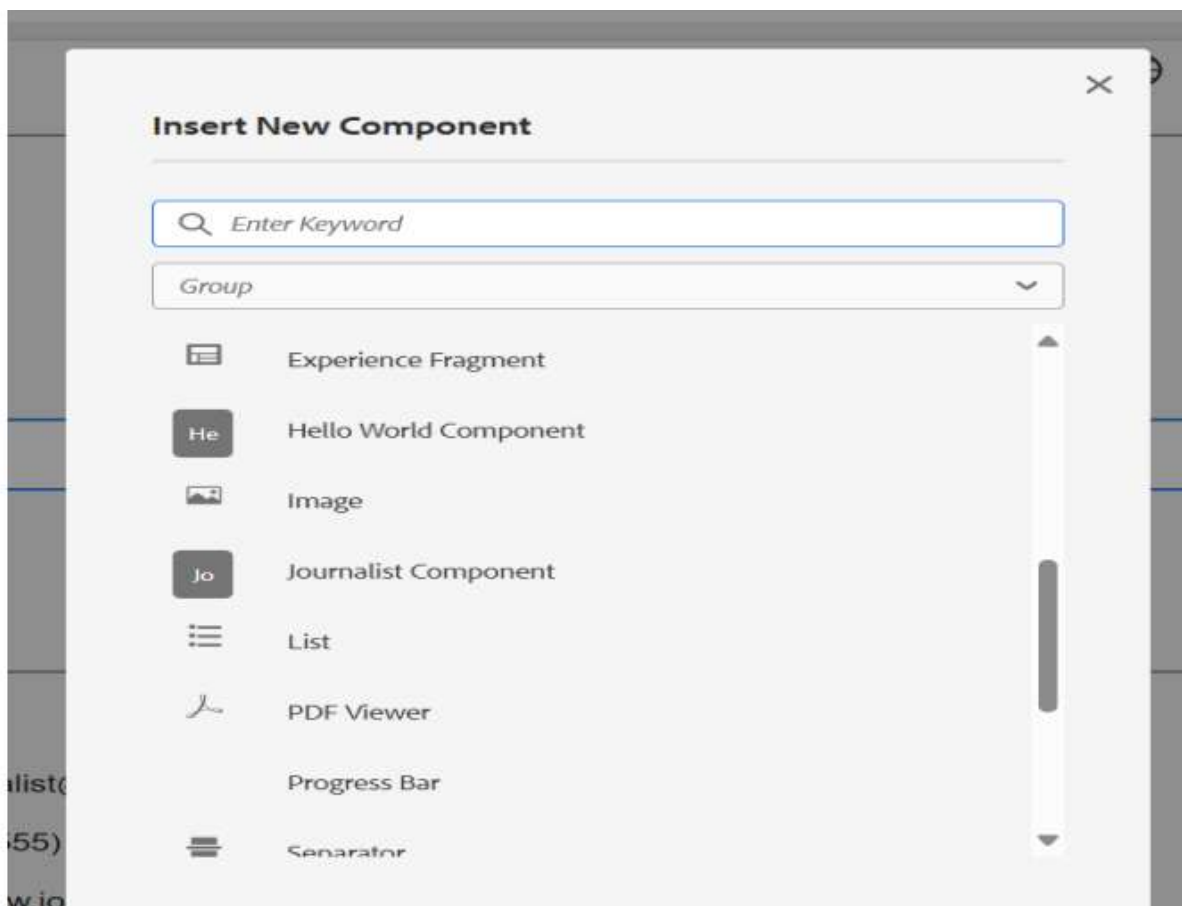

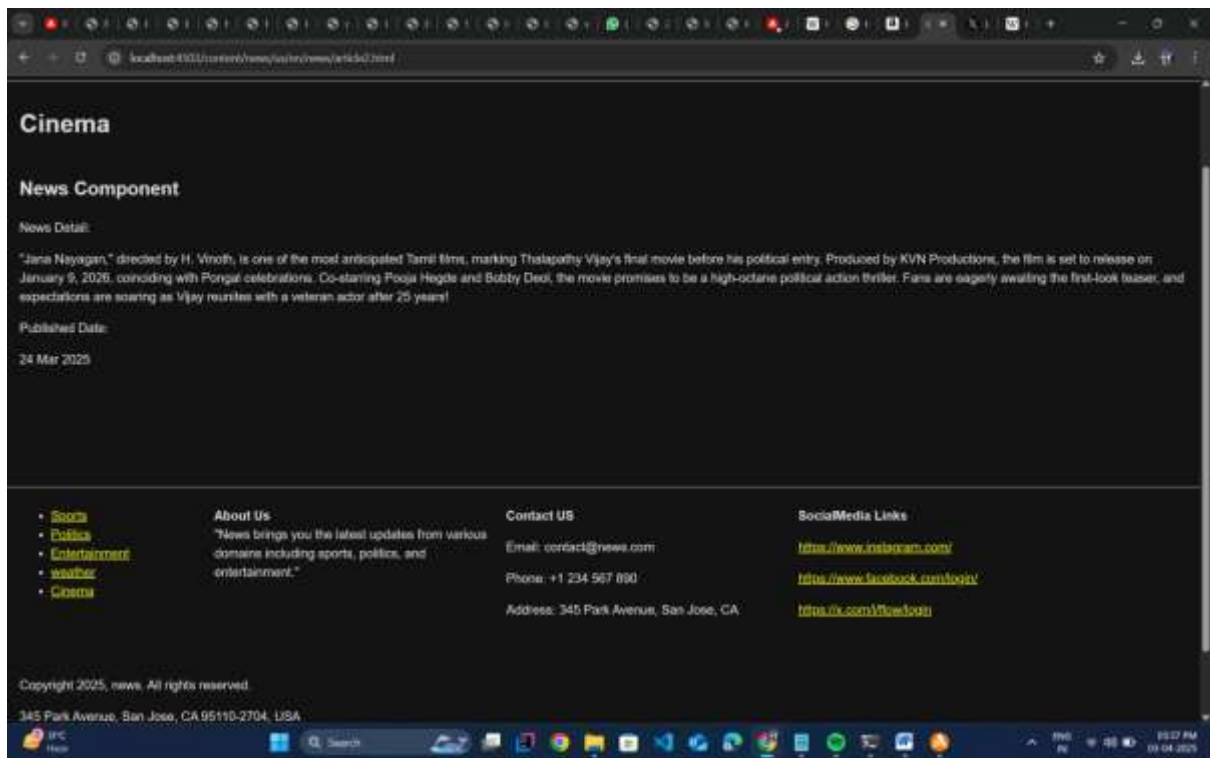

3. **Home page : use teaser component to display some award ceremony for journalist so that it could have image title and some description and one CTA (which will link to that page where user can user the entire new for that award..page will be created and authored on cta)**

4. **News page: Create a NewsRoom component which will get the News page as parent path (news page should be authored). This component should fetch all the news created under the /contact/news folder and make sure all the books should be placed under the /content/news folder. Create news article pages under /content/news hierarchy and author the page with title, image, and text component, so that when the NewsRoom component is authored, it fetches these properties from each page to show on the news page as cards. Each card should have Title, news details, and image, and make sure each card has a unique title, description, and image.**

News Detail:

"Jana Nayagan," directed by H. Vinoth, is one of the most anticipated Tamil films, marking Thalapathy Vijay's final movie before his political entry. Produced by KVN Productions, the film is set to release on January 9, 2026, coinciding with Pongal celebrations. Co-starring Pooja Hegde and Bobby Deol, the movie promises to be a high-octane political action thriller. Fans are eagerly awaiting the first-look teaser, and expectations are soaring as Vijay reunites with a veteran actor after 25 years!
